## Cameron Schools Will Open September 5th

## FERGUSON RALLY COURT HOUSE LAWN FRIDAY NIGHT

### REDUCTION IN COST OF OPERATION \$17,779 FOR PAST THREE YEARS

At the meeting of the Board of Education Tuesday evening, Monday, September 5, was set as the date for the opening of the Cameron Public Schools with the exception of the Mexican School, which will open on October 1. The following calendar was adopted for the year:

September 5—School opens.  
Sept. 30 and Oct. 1—Teacher's Institute.  
Nov. 11—Armistice Day, holiday.  
Nov. 24 and 25—Thanksgiving holidays.  
Dec. 22—School closes for Christmas holidays.  
Jan. 2—School opens after Christmas holidays.  
Jan. 19-20—First semester examinations.  
Jan. 23—Second semester begins.  
Feb. 22—Washington's Birthday, holiday.  
May 11—Yoe Day, holiday.  
May 24, 25 and 26—Final examinations.  
May 26—Graduation Exercises, Ada Henderson School.  
May 28—Baccalaureate Sermon.  
May 29—Graduation Exercises, high school.

Special teachers of music and expression were re-elected as follows: Music, Robert Smith, Mrs. Daisy Spratt, Mrs. J. L. Clinton, Francis Cox; dramatics, expression and public speaking, Miss Dorothy Blaylock. The school cafeteria will again be in charge of Mrs. M. Mohler and will be operated on a self sustaining basis without cost to the schools.

Due to the fact that the kindergarten was discontinued as a part of the economy program it was decided to admit pupils to the first grade who will be six years of age on or before October 1, 1932.

The budget for 1932-33 was adopted, providing for \$49,446.00 for the total current expenses of the 1932-33 session. The total current expenditure of the session of 1929-30 was \$67,265.75 which means a reduction of \$17,799.74 or approximately 26 per cent has been made in the past three years. It is believed that the agreement of the City Council to give a 10 per cent reduction on current taxes paid prior to September 17 together with the remission of penalties on delinquent taxes paid prior to November 20 will be of material assistance in bringing the schools out of their financial difficulties. Decreases amount to approximately \$13,000.00 and the collection of even half this amount would mean that the schools would close the new fiscal year free of debt.

Teachers vouchers for the last three months of the 1931-32 session are unpaid with money in sight from the balance of the state per capita apportionment to take care of approximately one-third the amount due.

### Rev. Brooks McLane Is Promoted In Service At Tex-Mex College

The many friends of Rev. S. Brooks McLane will be interested in hearing of the recent promotion he has received, that of the election of Acting President of Tex-Mex school near Kingsville, which is a Presbyterian school.

Mr. McLane is the son of Mr. and Mrs. John B. McLane of Cameron; is a native son of Cameron who left here to take up work with the school in 1914 as an instructor and helper and has been connected with the institution ever since.

Dr. J. W. Skinner, first president of the school, died last year and Mr. McLane is taking his place. During the past months Mr. McLane has carried a large share of the heavy responsibility of Tex-Mex which is an Industrial Institution for Mexican boys where religious training is the leading feature.

### MISS LILLA BASSETT IS BURIED AT BRENHAM

Miss Lilla Bassett, for many years a kindergarten teacher in Dallas schools, died Sunday, August 21 in a hospital in Dallas. Miss Bassett was a sister of Mrs. John Watson of Cameron and had made frequent visits here to her sister.

She was the youngest child of Major B. H. Bassett and Mrs. Mary Burnett Bassett. Major Bassett was a prominent attorney of Brenham for a number of years, subsequently moving to Dallas where he was a member of the law firm of Bassett, Seay and Muse.

Funeral services were held Monday afternoon at four o'clock at the residence of her sister, Mrs. Howard P. May of Dallas. The body was taken to Brenham and laid to rest Monday at four o'clock. She was a member of the Presbyterian church.

She is survived by four sisters, Mrs. John Watson of Cameron, Mrs. Howard P. May, Mrs. E. B. Muse of Dallas and Mrs. R. I. McCalla of New York and one brother, L. W. Bassett of Dallas and a number of nieces and nephews. Among them to attend from Cameron were Bassett Watson, John Watson Jr., and sister, Mrs. Donald G. Kilgore of Dallas, Mr. and Mrs. Giles Avriett and son, Giles Jr.

### 1261 BALES NEW CROP COTTON RECEIVED IN CITY; PRICE \$8.25

Up to Wednesday night 1261 bales of 1932 cotton had been received at the wharves of the Cameron Company.

The spot price in Cameron Thursday at noon was \$8.25, the highest in many months and while the movement has not begun in volume business is feeling the optimistic trend of marketing.

It is estimated that the county will not produce a full crop this year. Estimates place the yield at around 45,000 bales.

### Green Bros. Celebrate 33 Years In Business With Sale At Store

Thirty-three years in business in Cameron is the occasion this week for a celebration sale at the Green Brothers store in this city. Low prices and many items are included in this sale.

Of special interest is the advertisement appearing in this issue of Aladdin Lamps and parts now being stocked by Green Brothers.

This pioneer store has served the people for more than three decades and merchandise is selling at prices lower than have been quoted in many years. C. N. Green looks back with interesting reflection upon the developments and his experiences and friendships with the people.

### Reed Rogers Wins Cup At Central Golf Tournament Marlin

At the Central Texas Golf Tournament held at Marlin, Sunday, August 21, Reed Rogers of Cameron, won the silver cup with low gross of 38, 37-75. In 1929 Rogers won this same cup with lowest gross that year. Making low gross three years successively, wins the cup permanently.

Rogers has a fine collection of cups and tournament trophies won by him, and is well known over the state for his fine left hand playing. He received last week an invitation to attend and participate in the Left Handed National Golf Tournament in White Sulphur Springs, West Virginia, which will be held from September 5 to 10th.

A golf tournament will be held on the Cameron greens Sunday, August 28, beginning at one o'clock, for local players.

### Judge Douglas of Houston To Speak For Ferguson; Run-Off Candidates Speak

Plans were completed Wednesday for the Ferguson Rally to be held in Cameron Friday night, August 26th beginning at 8:30 o'clock.

Judge John O. Douglas of Houston will deliver the principal address in behalf of the candidacy of Mrs. Miriam A. Ferguson for Governor.

The rally will be held on the court house lawn and will be preceded by a concert by the Pioneer Band of Cameron.

Additional interest is made possible by invitations sent to candidates for Sheriff and Representative from the 65th District to address the crowd for a few minutes.

W. A. Morrison Jr., will preside and introduce the speakers. A large number of invitations have been extended prominent Democrats and Ferguson leaders to occupy places on the platform.

The committee in charge of arrangements for the rally have issued a special invitation to women voters to attend the rally. Judge Douglas has been actively campaigning over the state for Mrs. Ferguson and is an able and informed speaker who

will discuss the issues of the campaign.

Interest in the governor's race has been intense as a result of activity on the part of both Ferguson and Sterling supporters. A Sterling rally was held Friday night of last week at which time Mrs. Sterling and Sam McCorkle, district attorney from Mexico, addressed the voters.

In the first primary Mrs. Ferguson was given a majority over all candidates for governor in Milam county. It was pointed out that in the election to be held on next Saturday Mrs. Ferguson was assured a substantial majority over Sterling in the county.

The rally Friday night has been widely advertised and many voters from adjoining counties are expected to attend.

### Correction Is Made In Theatre Program

A correction has been asked by Stanley H. Swift of the Milam Theatre in the program for the coming week. In the display ad the picture "Nice Women" appears for Wednesday and Thursday of next week. Instead the picture will be "The Doomed Battalion."

This picture brings an entirely new slant upon war and is something new in war pictures, a dramatic as well as a magnificent picture filmed in the Tyrolean Alps on the border between Italy and Austria. Tala Birell takes a leading part in this picture supported by a brilliant cast.

For Sunday, Monday and Tuesday "What Price Hollywood" is the program featuring Constance Bennett, always popular star with Cameron theatre goers. Lowell Sherman and Neil Hamilton also appear in this picture. The coming month will see many great productions in the program at the Milam.

### Ex-Officio Salaries Are Eliminated Here In County Budget

All ex-officio salaries of county officers receiving same, have been eliminated in the budget which is to be adopted on September 7.

One exception was made in the offices. The salary of the County Judge remains the same following a reduction made on January 1. It was pointed out that the ex-officio salary received by the county judge constitutes a major part of his pay.

The highest ex-officio salary paid is \$600 each year. Offices affected are: Sheriff, County Clerk, District Attorney. The elimination of these amounts will work a hardship on the offices affected and expressions have been heard encouraging their restoration.

Under present conditions public officers whose pay is affected by the elimination of the ex-officio salary, are finding it hard to earn living pay.

### Taylor Attorney Will Practice In Cameron

M. E. Lathan of Taylor, lawyer, with his wife and small son, have moved to Cameron to make their home. Mr. Lathan attended Texas University a number of years. He will practice law in Cameron and is now located in one of the offices in the building with W. G. Gillis.

Mrs. Clifton Jenness was hostess to the contract bridge club Friday morning at her apartments.

### Masons Celebrate In Cameron With Barbecue

The barbecue given by Cameron Masonic Lodge Thursday night at the City Park was a decided success. A hundred or more people gathered at the park, consisting of Masons, their families and members of the Eastern Star chapter.

Delicious barbecued mutton was served with dill pickles, onions and bread in cafeteria style at the pavillion. Followed with an after dinner speech by R. P. Jeter, Past Worshipful Master of the Cameron lodge.

Much credit is due J. W. Haygood, Jesse Brock, Raymond Sharpe, P. W. Davis, Bennie Archer and Narvie Caperton who composed the committee on entertainment.

### WEEKLY COTTON LETTER

Supply  
India is the second largest cotton producing country in the world and planted the past season approximately 23,500,000 acres and harvested a crop of 3,400,000 bales, which was roughly one million bales below the previous crop and the smallest in several years.

For the new crop the cotton acreage in India is expected to be about unchanged, but the crop prospect is poor there at the present time on account of too much rain.

In North and South Carolina the crop is holding up fairly well, with some sections reporting improvement, but complaining of small bolls.

Mississippi, Alabama and Georgia report increased weevil damage on account of recent showers and rains and the crop prospects in these three states are poor.

In Texas and Oklahoma it is generally believed that the late rains have improved the crop outlook to some extent.

### Demand

The depression has lasted nearly three years and during this period the world's consumption of cotton of all growths was about seventy million bales against approximately 77 million bales the three preceding years of good times.

This situation has produced a minimum stock of cotton goods in all the important consuming countries of the world, and with even a moderate increase (See COTTON, page 4)

### DANCE AT BURLINGTON

Of interest to dance goers is the announcement of a dance at Burlington Hall on Saturday night, August 27. The Vagabonds from Taylor will play. This is their first appearance at Burlington. A big crowd is expected.

### NEWTON EVANS BURIED IN OAK HILL CEMETERY

The remains of Newton Evans, age 66 years, arrived in Cameron overland from Eastland, Thursday morning and were taken to the home of Mr. and Mrs. John Sapp where they remained until that afternoon, when they were taken to Oak Hill cemetery and were laid to rest by the side of his late wife who died a number of years ago. The Woodmen took charge of the remains at the cemetery. Rev. N. D. Timmerman of the Baptist church pronounced the religious benediction.

Deceased had been deaf for a number of years and was returning from fishing when he was hit by a passenger train and killed Monday morning, August 15, and was buried the following Thursday afternoon at 2:30 o'clock.

Deceased came to Cameron in the spring of 1918 and lived here for a short time and for the past twelve years had made his home in Eastland with his daughter, Mrs. S. H. Harris.

He is survived by four daughters, Mrs. Dave Reed of Los Angeles, California; Mrs. S. H. Harris of Eastland; Mrs. E. B. Jones of Dallas; Mrs. John Carsey of Dallas; two sons, Newton Evans of San Antonio and John Evans of Kansas City, Mo.

Pall bearers were Robert McLane, Judge Jeff T. Kemp, August and O. B. Horstmann, T. A. Howell and Ed Adams.

### CAMERON PEOPLE HAVE PRIVILEGE TO SHARE IN PICTURE AWARDS

Rewards totaling \$6000 for solving the mystery of the "Phantom of Crestwood" will be shared in by Cameron people according to Stanley H. Swift of the Milam Theatre. You can be the detective in this gripping mystery.

Write your own ending to this gripping drama and win one of the prizes. This picture will be shown in leading theatres everywhere starting about the middle of October. The Cameron date will be announced later. A nation wide broadcast begins again on September 6 over radio.

Mr. Swift is anxious for Cameron entries in the contest and will issue tracts giving the plan in detail.

### J. T. Turner Dies From Injuries Received In Oil Field Tuesday

The remains of J. T. Turner, age 58 years, were shipped Wednesday morning to Houston for interment. Deceased was an oil driller for Huff and Koch, and was working in the oil field near Rockdale when he was caught under some machinery, crushing his skull. He was brought to the Cameron hospital for surgical aid and died that afternoon at 1:30 o'clock. Funeral was held Thursday in Houston. Wife of deceased was ill in a hospital in Houston at the time of accident.

### Al White Manages New St. Louis Store; To Open New York Store Here

Al White of Georgetown, well known Central Texas merchandiser and business man, has arrived in Cameron and will be the new manager at the New St. Louis Store.

Mr. White is to open on Saturday The New York Store in the building adjoining the St. Louis Store. This store advertises this week for its opening a sensational sale of merchandise with prices lower than for a half century.

Mr. White was completing arrangement of the store Thursday and Friday will see it in shape for the opening on Saturday.

### HEAVY VOTE SCHEDULED IN PRIMARY ELECTION SATURDAY AUGUST 27

A heavy vote was forecast on the eve of the run off primary election to be held on Saturday, August 27.

It was not expected that the vote would be as heavy as in the first primary due to the passage of local interest, although a run off occurs in the race for sheriff between L. L. Blaylock and R. L. Batte Jr., of Thorndale and between Jesse James of Thorndale and Henry B. Krenek of Lincoln in Lee county, for representative from the 65th District. There will also be a run off between Clyde Moore of Davilla and E. G. Stiles of Thorndale for Commissioner in Precinct 4.

### No Illegal Voting

Although it has been intimated that illegal votes were cast in 132 counties in Texas, analysis of the vote in Milam county shows that the poll was normal, based upon the calculation for overs and unders. The basis for estimating this vote is 15 per cent of the paid list. There were over 800 votes cast more than poll taxes paid. This overplus would indicate only a normal vote if overs and unders voted and indications are that local interest brought them in unprecedented numbers to the polls.

There were more than 300 votes cast in the race for Sheriff than in the race for Governor in the first primary in Milam county.

### Few Absentees

At the office of Homer Nabours, county clerk, up to Wednesday afternoon only 52 absentee votes had been cast while in the first primary 132 were cast. Many of the absentee voters have returned to their homes, but the absentee vote will not be as large in the run off.

### First Primary Vote

The vote for Governor in Milam county on July 23 was as follows:

Ferguson	3076
Hunter	1575
Sterling	1146

The vote for Representative for the 65th District cast in the county on July 23 was as follows:

James	2879
Elliott	800
Fisher	638
Krenk	526

The vote cast for Sheriff in the July 23rd primary was as follows:

Blaylock	2968
Batte	1851
Smith	1419

### Returns Announced

Reports received from many sections of the county show that while the vote on next Saturday will be less than in the first primary, the poll will be heavy. Estimates say the vote will range from 5800 to 6000. More than 6200 votes were cast in the first primary.

Returns from the 49 precincts in Milam county will be received at the court house and announced Saturday night. Election managers have been requested to phone in their returns as soon as the count is completed.

### Kreismann's Store Is Moved To New Location

The Kreismann Dry Goods Store has been moved from the Dr. Taylor building to the Gohmert building formerly occupied by the J. D. Dobbins Dry Goods store in the same block.

Work of rearranging the stock has been completed. Mr. Kreismann is in the East buying merchandise for the fall trade in Cameron and expects to be back within a short time and will have an important announcement to make to the buyers of this section.

Since the above was put into type Mr. Kreisman has returned to Cameron. He visited the markets in New York and St. Louis and has already received a part of the merchandise bought on his trip.

Edwin Day is now keeping books at the Batte Gin in Rogers. Edwin has been a student at Southwestern University the past three years.

## Suggestions for Making Better JELLIES and JAMS

by Grace Viall Gray, Sec'y International Canning Contest

Grace Viall Gray

The International Canning Contest is  
offering more than \$5,000.00 in Cash  
and Prizes for the best jars of Home  
Canned foods. There are prizes for  
entries in the Fruit, Vegetable, Meat  
and Pickle Classes. Also special prizes  
in the Jelly, Jam and Marmalade  
Classes. Enter this Contest and win a  
prize — there is no cost. Full par-  
ticulars may be had by writing to  
Grace Viall Gray, Log Cabin, North  
Aurora, Illinois.

## Big Prizes Sought

Old Man Depression is being chased  
out of every town, village and  
hamlet by thrifty women who are  
filling glass jars with fruits, vege-  
tables, jellies, jams and pickles for  
next winter's use.

They say that every cloud has a  
silver lining, but this particular de-  
pression cloud has a gold lining for  
over two thousand lucky women, who  
are doing home canning and sending  
samples of their wares to the Inter-  
national Canning Contest, at Aurora,  
Illinois.

To arouse greater interest in the  
thrift movement to conserve all  
available food supplies, Ball Brothers  
of Munice, Indiana, are offering  
more than \$5000.00 in cash and prizes  
to the winners in this Contest. Any-  
one is eligible to enter. There are  
prizes for everything that can  
possibly be put into glass jars for  
future use. There are prizes for  
canned chicken, fruit, vegetables, jel-  
lies, jams and yes even pickled eggs.  
There are two wonderful scholarships  
for 4-H Club Girls—one a \$300.00  
Scholarship, the other a \$100.00.

In addition to cash prizes there  
are worth while merchandise prizes  
such as a complete outfit of clothing,

over-night bags and electrical ap-  
pliances.

This is the "canningest" year in  
history. Thousands of women and  
girls, many of them who have never  
canned anything before, are now tak-  
ing advantage of the plentiful supply  
of fresh foods at reasonable prices,  
and the low price of sugar, and are  
canning, canning, canning. Perhaps  
some long past ancestral hunch is  
reminding them that this winter may  
be a hard one and they'd better be  
about the business of laying in a  
good supply of foods. Anyway, ev-  
erything from soup to dessert is be-  
ing canned. This is very evident from  
the jars that are being received now  
at Aurora.

"This Contest," says Grace Viall  
Gray, Secretary, "is held for many  
reasons. Of course the first purpose  
is to find the best canners in the U.  
S. and foreign countries. The con-  
test is to the women what the Inter-  
national Live Stock Show has been  
for years to the man. He has put  
his cattle up in competition against  
other men's cattle, so now the woman  
has a similar opportunity. She is  
putting up the work of her hands  
against other homemakers. There is  
friendly competition but it is a very  
strenuous competition too.

Everyone who enters the Contest  
of course wants to be declared "The  
Grand Champion Canner of 1932" by  
24 outstanding judges and thus re-  
ceive the cash and glory that goes  
with this honor.

The great interest is centered on  
the county prizes—the first of which  
is \$500.00 in cash and a trophy. This  
goes to the county sending in the  
largest number of entries.

Through the Contest we try to  
teach the value of thrift by conserv-  
ing home canned products, and after  
the Contest is over, the jars are dis-  
tributed to charity. So we feel the  
Contest is all worth while, since it  
encourages more home canning, it  
offers friendly competition in this  
fine household act, it awards over  
\$5000. in cash and prizes to success-  
ful ones and it finally feeds the sick,  
the blind and the aged."

There is no entry fee and no red  
tape to enter this Contest. Each  
contestant receives one free Perfect  
Mason Jar together with necessary  
entry material.

Full details of the Contest may be  
secured from the offices of County  
Extension Agents, Home Demonstra-  
tion Agents, State Club Leaders or  
by writing direct to the Log Cabin,  
Aurora, Illinois.

## SENATOR SMALL ON STERLING

The following expressions are taken from the famous let-  
ter of Senator Small, that has been distributed throughout  
Texas.

"Unfortunately Sterling is not captain of his own boat, and  
if he gets his orders to run, he will be in the race with plenty  
of money for the campaign regardless of the fact that he is  
broke world without end. Big business will be for him. They  
know they are safe with him. As for the oil companies, it  
will be rank ingratitude for them not to support him. He has  
always signed on the line fixed for his signature, and they  
would be very foolish to experiment on someone else at this  
time."

"I think he will run, or rather I think they will run him. I  
think I could get a good vote against Sterling, and it might  
be possible to beat him provided I had a good campaign  
fund."

It will be seen from this letter that Senator Small thought  
the favor and the money to be furnished by the oil compan-  
ies for the campaign was necessary and the only thing nec-  
essary to insure the election of any candidate for Governor.  
This idea should not prevail. The Texas people cannot main-  
tain their greatness if they permit the big oil companies with  
the use of money to select the Governor.

Texas is woefully in need of men of the calibre and ability  
of Senator Small, and it is unfortunate that he permitted  
the oil companies and their money to influence him. Too  
many of our lawyers and public men are allured by the glit-  
ter of corporate gold.

## A BANKER WAS SLAIN; FORMER CONVICT GETS PARDON TO WORK FOR STERLING BECAUSE HE IS "GOOD ORGANIZER"

Ben C. Richards, Jr., convicted forger, but considered a powerful political organizer, has been pardoned by Governor Sterling so that he might be available for use in the present campaign, correspondence reveals.

The facts became known when Richards was forced to resign as an election judge in Fort Worth, a place to which he had been appointed, following his pardon and subsequent work for Sterling.

Four years ago an election bet was posted in a Dallas bank. When the winner asked for the money, it had been taken from the bank, later shown to be on a forged check. The outraged winner killed a banker, and Ben C. Richards, Jr., was sent to prison for forgery, served a few

months, was furloughed, then given a general parole, later to be fully pardoned.

Ernest Alexander, Sterling's campaign manager, secured the pardon, as the following correspondence shows:

Alexander wrote May 15, 1932: Dear Governor:

Just a word to let you know that Ben C. Richards has been working for me since the 15th of April selling stock. I am glad to report that he is surely making good; in fact, he is leading my entire sales force as to number of shares sold and the amount of cash receipts.

I am selling the good people of Ft. Worth \$100,000 worth of preferred stock in my stores bearing 7 per cent interest. It is gratifying to me to see this young man leading sales force.

Respectfully yours, (Signed): ERNEST ALEXANDER And Governor Sterling's secretary

replied May 19, 1932: Honorable Ernest Alexander, Alexander-Bale Stores, Fort Worth, Texas.

Dear Mr. Alexander: This is to notify you that Governor Sterling has granted a general parole to Ben C. Richards. Please notify him. Copy of proclamation will be mailed in a few days.

With regards I am, Very truly yours, PAT DAUGHERTY, Secretary.

Alexander writes Governor's private secretary on August 14, 1931: "Dear Paul:

"I have just finished a letter to Pat Daugherty with a suggested proclamation of Ben Richard's pardon, the copies of which are enclosed.

"For your information, while Bill McCraw was talking to the Governor, McCraw told Sterling that Ben Richards was the best political organizer in Dallas County, and that being true that he could be used to advantage in next year's campaign.

"I know that it is wise, with those plans in view, to so word this proclamation as to reflect on Richards

that we might use him to our better advantage.

"Of course I am not familiar with the writing of proclamations, but you are." I want you to see to it that this proclamation is a masterpiece.

"This fellow Richards is the fastest worker that I have ever been around.

"Give this your undivided attention and thought, because we are the ones who will profit in the long run. "Again assuring you of my appreciation of your friendship and good will, I am

"Sincerely your friend, "ERNEST ALEXANDER.

"P. S.—Please have this proclamation dated as of August 12, 1931, as that is the day that McCraw and I talked with the governor."

And Paul Wakefield replies August 18, 1931:

"My Dear Ernest:

"Thanks for your letter of August 14th with reference to the Ben Richards' pardon. I discussed the matter with Pat and he is in turn presenting it today to the governor.

"I will be happy to do what I can to assist you as I know you believe in Richards to the extent that you are trusting him in your business.

"With kindest regards and best wishes, I am,

"Cordially yours, "PAUL D. WAKEFIELD." Sterling Signs Pardon—Alex's Masterpiece

The following is the proclamation of the Governor as contained in the position:

"PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS "To All Whom These Presents Shall Come: No. 21546.

"Whereas, Ben C. Richards Jr., No. 64,202 was convicted in the District Court of Dallas County, Texas, in June, 1930, of forgery and sentenced to three (2 to 3) years in the state penitentiary; and

"Whereas, an application for clemency has been filed. Richards has served more than eight months of this prison term, during which time he gained nearly seven months' overtime. At this time he has more than 18 months' credit on his prison term. . . .

"I am now requested to grant a full pardon to Richards and am reliably informed that he is now engaged in the insurance business and is so conducting himself that many reputable citizens of Dallas have urged that I restore to him his full citizenship rights in order that he may continue his present business relations and once more become a useful citizen;

"Now, therefore, I, R. S. Sterling Governor of the State of Texas, . . . do hereby grant unto the said Ben C. Richards, Jr., a

"FULL PARDON and restoring of citizenship, giving him the right to testify in any and all courts and the full rights of suffrage.

"In Testimony . . . the 14th day of August, A. D. 1931.

"R. S. STERLING (Seal) "Governor of Texas."

Note—Keep the facts in mind. Richards was pardoned by Sterling with the specific understanding that he would be used in the campaign. He was used. Fraud was immediately certain. He was forced to resign, and a recount of the votes will be had. And that is Sterlingism.

### Side Quit Hurting, Got Stronger, Well; CARDUI Helped Her

WOMEN! Get rid of the handicaps of a weak, debilitated condition with the assistance of Cardui.

Mrs. R. L. West, of Huntsville, Ala., writes: "I was weak and run-down. I had a pain in my side, and I kept losing weight. I grew nervous over my condition—this was unusual for me, for I am very cheerful when I am well and don't easily get nervous. I knew I ought to take something. My aunt told me I ought to try Cardui, which I did. I began to feel better. I kept it up until I had taken three or four bottles. My side quit hurting and I was soon feeling strong and well."

Cardui is sold at drug stores here.

Mrs. Bascom says  
this call was  
worth \$1,000

Mrs. Clyde Bascom left her dinner cooking while she weeded the garden. Just as she re-entered the kitchen, the kerosene stove exploded.

Her first move . . . the telephone.

"Central! My house is on fire!"

And Lucy Adams, at the switchboard, did the rest. "Too far out for city water," she reasoned. Then, quickly, she called a half dozen men who had cars. They sped to the scene. Water from a cistern saved the Bascom home.

Next day, the operator again "plugged in." It was Mrs. Bascom.

"Lucy, you sure got help out here in a hurry. That call was worth \$1,000 to me. Don't know what I'd have done if the house had burned. . . ."

Day or night the telephone is ready for your calls. It may be an order at the store . . . a call for the doctor . . . your house on fire . . . or, just to visit with neighbors.

Your telephone may be worth a nickel today . . . a quarter tomorrow . . . a thousand dollars next week. You can buy few things which cost so little and are worth so much.

## UNEQUAL REGULATION IN TRANSPORTATION CAUSES DISORDER AND CONFUSION

● The instability, confusion and disorder which unrestrained truck transportation has brought about is responsible in large measure for much of the distress in which all business finds itself today. Texas has moved to find a remedy and all concerned in the welfare of this state and its institutions should cooperate in the effort to restore stability and order to our transportation systems.

The Texas Railroads, in these advertisements, have endeavored to place before the people of this state some of the reasons why the existing laws, regulating motor transportation, should be upheld and enforced.

1. The railroads are necessary for the successful marketing of the enormous production of this state, which is used and consumed in every other state in the union.

Uniform, published, non-discriminatory transportation service rates are essential to the orderly conduct and welfare of business.

Unregulated truck transportation inevitably results in discriminatory charges and practices, rebating, unfair and unbusinesslike competitive methods, bringing about losses and commercial insecurity.

The wholesaler, jobber, retailer and local merchant suffer from the unfair competition of truckers and peddlers who, for the most part, are non-residents, pay no taxes and contribute nothing to the community welfare.

The farmer and agricultural producer must have at his command facilities adequate to transport crops and produce which move long distances in large volume, at low cost, by rail.

2. The railroads build and maintain their own roadways, pay heavy taxes for the support of state and municipal governments and institutions, and expend millions of dollars for payrolls, materials and supplies. Railroad workers are substantial citizens, home owners, and valued members of their communities.

3. Rail transportation is the most efficient and economical in existence for the movement of traffic in volume by land.

4. Texas highways belong to the people and are built and maintained at heavy cost. Their use for commercial purposes is a privilege, not a right. They should be kept safe for general use and not prematurely destroyed by heavy trucks.

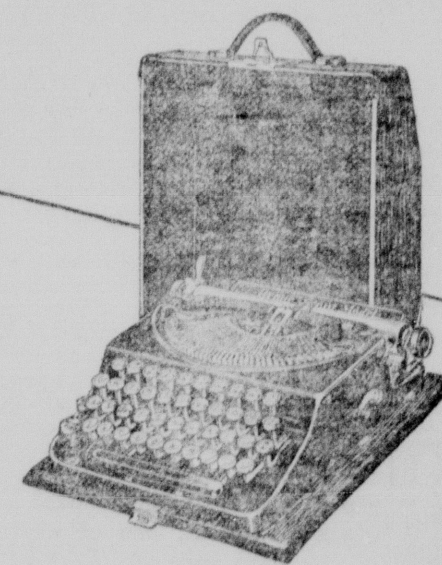

5. The stability, security and orderly conduct of business require reasonable control and regulation of all transportation agencies.

## SCHOOL HELPS PREVENT CRIME

The difference between destroying the neighbor's flowers by a child at the age of four and robbing a gas station at twenty is only a matter of degree. While Mr. Wickersham is looking for the basic causes of increasing crime, he would do well to observe the general breakdown of parental authority in the American home. This breakdown is typified by two types of mothers—the pathetic and the futile. The pathetic mother is too frail or too cowardly to make her little children obey her commands; she wears herself out attempting to live with her own offspring who have never recognized authority in her.

God pity the child who has not learned the meaning of "No" before his third birthday. His life will not be safe, he will be dangerous to property, and he will jeopardize the rights of others. He has already spent three years of elementary training in crime. Happiness is not for him, nor for those who love him, for they will have to spend anxious hours protecting him and protecting other persons from him.

If such a child learns the meaning of "No" in later life, it can only be at a tremendous cost. A court of justice and a penal institution may be required to give him lessons with his life. Meanwhile many other people will have suffered from his failure to comprehend the vital importance of this one monosyllable.

Once the child has learned the meaning of "No" he should hear it very rarely. Each day I grow in my conviction that every child should learn very early that there are some things he must not have and some things he must not do; that fundamental inhibitions are acquired most easily before the child is three years old; and that the most practical and common sense means of teaching these basic lessons is the good old fashioned spank.

The public schools are anxious to work with the home to help build a better citizenship. Too many of the school children of today will be convicts of tomorrow if we do not see to it that our educational system is kept up to standard. The home and school must work together for the welfare of the future citizens, but the state has a part by furnishing means with which the work can be done.—Extract from article by Garry Cleveland Myers, Western Reserve University, Cleveland, Ohio.

# ED MORTON, NEGRO, IS DEAD FROM KNIFING; TWO GIRLS ARE HELD

Ed Morton, 42, negro, was found dead about 9:30 p. m. Friday, August 19 on the street west of the old grammar school building. Death had resulted from knife wounds inflicted a short time previous to finding of the body by officers.

Saturday morning Pearlle and Corinne Hyder, negroes, aged 15 and 14 years, were placed in jail by Sheriff Blaylock, following investigation of the killing. Both have been charged as juveniles committing murder.

In a statement made to Criminal District Attorney, Jack Lewis, Pearlle Hyder detailed the killing, confessing that she had cut Morton with a knife and her sister, Corinne, had beat the man with a brick. Corinne Hyder also made a statement substantiating the confession made by her sister, admitting her part in the killing.

The fight occurred in a vacant house near the spot where the negro's body was found. The confession says that the girls had planned to attack Morton for treatment which they resented and which had been in progress for more than a year. The knife, according to the confession was obtained at the Morton home where two days prior to the killing they had gone to get some sausage on invitation of Morton.

On the night of the killing the parties went to the court house lawn where a political rally was in progress. On the way home they stopped and entered the vacant house where the cutting occurred. Pearlle Hyder confessed that after the attack had been made on Morton inside the house, that she broke the knife when she stabbed him the last time outside the building. The knife was recovered together with a blood stained handkerchief near the scene of the killing. An ice pick was also found inside the house.

Ed Morton was a well known local negro, having been employed by local citizens for a number of years.

# TOM JONES, NEGRO, IS CHARGED IN CUTTING SPREE SATURDAY NIGHT

Tom Jones, negro, was being sought to face charges of assault with intent to murder, following an attack with a knife on seven people Saturday night at a negro festival on the Rice Farm south of the city.

Charges have been filed against Jones by the sheriff's office, according to Deputy Will Vaughn who said the negro is still at large. Jones served a sentence in prison for violation of the Texas liquor laws.

According to the story of those witnessing the cutting, Jones is said to have run amuck with a knife after he had been knocked down by Sam Thomas, another negro. The wounded are:

Tom McGoldrick, white, badly beaten and cut about the face and shoulder, treated at Cameron hospital and now recovering at his home here; Carroll Adams, white, 12, cut in the mouth and throat; Henry Carver, white, Rockdale, arm cuts; Sam Thomas, negro, cut; Ella Woodley, negro woman, cut; two unidentified negroes badly cut, one of whom was said to have been given treatment at Buckholts by Dr. Everett. In all seven people were slashed with the knife.

According to Deputy Sheriff Will Vaughn, Jones and Thomas engaged in a fight and Thomas knocked Jones down with a rock and he remained unconscious for a time. When he had recovered he ran amuck, slashing all with whom he came in contact.

According to other witnesses, Carroll Adams, made an effort to stop the trouble and later McGoldrick tried to assist and was badly cut. He was said to have been dragged to a tank nearby and there was found later. He was brought to Cameron and treated.

Every effort was being made by the Sheriff's office to apprehend Jones who fled the scene of the fighting and has not since been seen.

## COTTON

(continued from page 1)

Improvement in business conditions it is logical to expect a gradual increase in the consumption of cotton.

In the United States the July consumption of 278,000 bales, no doubt marked the end of a long downward trend in the consumption in the country that will last for several years.

## Market

Taking the nation as a whole, there is at last actual evidence of some improvement in business and if the Government crop estimate turns out to be correct, the cotton market is resting on a sound foundation.

The spinners and cotton trade are buying contracts in the future market on all good breaks and any declines in the market between now and the next Government report on September 8, should be of temporary nature.

Mesdames Buck Bonds and T. Copus are in Dallas on business.

## Boy Scout News

Troop 32, B. L. Archer, Scoutmaster. The boys of Troop 32 held their regular weekly meeting in the Scout hall Friday night at 7:30 o'clock. A series of meetings was planned to start next Friday with the Beaver patrol in charge with Vernon Bain as its leader. This plan was used last year with much success, so it was decided to repeat it. Scouts, be loyal and come to these weekly meetings.

Troop 53 J. W. Haygood, Scoutmaster. Due to the political speaking Fri-

day night and the band playing, we did not have our regular meeting. However, I want each Scout to be present at the next meeting as we have some important matters to discuss, besides planning our fall and winter program. I want each Scout who has not learned some rank in Scouting or some merit badge, to be sure to do this before school starts.

Troop 52, J. A. Lindle, Scoutmaster. Troop 52 held their regular meeting with an attendance of 15 registered

Scouts and the Scoutmaster present. The meeting was opened with Scout songs led by Life Scout George Matocha, and the feature of the evening was given over to Tenderfoot work led by Life Scout C. W. Gjedde. The progressive story was led by Life Scout George Matocha. We are very glad to welcome a new member into our ranks, Edward Schiller. Edward says he is glad to be with us and we are not going to disappoint him. We are going to make him like Scouting.

Don't forget the meeting Friday night. It's going to be a thriller, around a model camp fire, and some one is going to win a prize.

### METHODIST CHURCH

"Lord, for tomorrow and its needs I do not pray; Keep me, my God, from stain of sin, just for today. Help me to labor earnestly and duly pray; Let me be kind in word and deed Father, today."

What we are doing today determines what we are to be tomorrow. Let us make up our minds to do some kindness today. Let us make up our minds today not to let another Sunday go by without going to church and Sunday School.

This will be the last Sunday the present pastor will have full charge. Brother Lehmborg will be back on the first of September to take charge and to preach one sermon each Sunday.

The topic for Sunday morning will be "God, Mans Source of Power." Evening service: "A Busy Young Man." Every young man that has succeeded has always been busy at something constructive. The young men are urged to attend this service.

He had suffered distress after meals, but by taking Thedford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

## HOOVER SURRENDERS TO BOOTLEGGERS DECLARES BISHOP JAMES CANNON

Geneva, Aug. 17.—Bishop James Cannon Jr., who helped swing Southern states for President Hoover in 1928, declared Wednesday that, in his acceptance speech, the President surrenders to the speakies, bootleggers and nullifiers of the constitution without ever asking Congress to furnish the Government sufficient money and men to secure average enforcement of the prohibition law.

The bishop asserted that advocates of Federal prohibition, who believe prohibition to be the outstanding economic, social and moral issue of the present campaign can not logically support either Hoover or Roosevelt and doubtless hundreds of thousands will refuse to vote for either, which may cost Hoover the electoral votes of several states.

The President's proposal to permit States to legalize manufacture and sale of intoxicants, under a guarantee that the Federal Government would prevent the return of the saloon, was described by the bishop as indefinite, illogical and impracticable.

"Until Hoover specifically formulates the provision whereby he proposes to prevent the return of the saloon, his proposal is simply an indefinite and glittering generality," Bishop Cannon said.

14. In 1916 advocated State Highway Law; fought for same in State Convention and signed bill creating State Highway System.
15. By liberal pardon policy to deserving convicts and business-like methods in 1917 left a million dollars in cash to the credit of the Penitentiary Board, thousands of bushels of corn and other supplies all paid for, and the penitentiary farms of 70,000 acres left fully equipped with hundreds of teams and tools.
16. During Mrs. Ferguson's administration in 1925 and 1926, notwithstanding droughts and floods carried on the penitentiary system with only \$100,000.00 appropriation; and in more recent years through the Forum and in connection with the Legislature, successfully fought and prevented the sale and removal of the penitentiary system, which was an attempted gigantic waste, fostered by the Moody and Sterling faction.
17. By prompt action and co-operation with the Federal Government in fighting the foot and mouth disease in Texas, prevented a quarantine against the entire State on the products of the farm and ranch, as well as all commercial activities.
18. Advocated and helped to increase the pension for Confederate soldiers in 1925.
19. Took the insane from county jails and placed them in hospital, built during Ferguson's administration.

26. Increased the buildings at A. & M. and put under way and provided for the establishment of West Texas A. & M. On all these building programs, the tax rate was kept at a low figure, and if you would deduct cost of the public buildings, erected by the Fergusons for the people of Texas from the general expenditure during those years, the State tax rate would have been less than four cents.
27. Through co-operation with local peace officers, lynchings were scarce; riots and insurrections unmentioned; special sessions few in number; and business undisturbed.

## BIRTHDAY PARTY

Little Miss Dora Emma Duncum was honored on her tenth birthday, August 20, 1932, at the home of her grandparents with an afternoon party given by her aunt, Miss Nora Duncum. Those to assist Miss Nora were her mother and sister, Mrs. I. Duncum and Mrs. O. O. Duncum; and Mesdames V. Lesikar and A. Horstmann.

The colors of pink and white were carried throughout the spacious living and dining rooms. Pink roses and zennias were used in decorating.

An active one and one-half hours were spent in games and contests in which Diana Luckett received the prize for pinning the Donkey's Tail. Neil Horstmann won the Cracker Eating contest; and Stone Garner made best time in placing the ball. The Booby Prize fell to Inez Slaughter for failure to thread the needle in the limited time.

Just before the interest in games was allowed to lag, the dining room was opened to the little friends and there they found a huge birthday cake in white bearing ten burning candles in pink rosebud holders, centered in the large white table around which were pink rosebud favors filled with mixed fruit candy. The cake was cut to yield fourteen emblems which caused much merriment, and the children were then served refreshments of pink ice cream and the birthday angel food.

Just before the hour of departure the little friends gathered around the honoree to blend their joy and good wishes as she opened her many pretty little birthday gifts.

Those whose presence made Dora Emma's tenth birthday a happy one were Diana Luckett, Inez Slaughter, Martha France, Brogoon, Lucille McDermott, Marjorie Orsag, Lyle McDermott, Neil Horstmann, David Wade, James Brock, Stone Garner, Ray Hubert Brashear, Raymond Lesikar and Frank Gelner.

## THE FINAL THRUST

A merchant was told that he had but a few days to live. He summoned his attorney and instructed:

"Make my will so that my overdraft at the bank goes to my wife, she can explain it. My equity in my car to my son, he will have to go to work to keep up the payments. Give my good will to the supply houses, they took some awful chances on me and are entitled to something. My equipment you can give to the junk man, he has had his eye on it for several years. I want six of my creditors for pallbearers, they have carried me too long, they might as well finish the job."

## Cameron Schools Will Open September 5th

### FERGUSON RALLY COURT HOUSE LAWN FRIDAY NIGHT

#### REDUCTION IN COST OF OPERATION \$17,779 FOR PAST THREE YEARS

At the meeting of the Board of Education Tuesday evening, Monday, September 5, was set as the date for the opening of the Cameron Public Schools with the exception of the Mexican School, which will open on October 1. The following calendar was adopted for the year:

September 5—School opens.  
Sept. 30 and Oct. 1—Teacher's Institute.

Nov. 11—Armistice Day, holiday.  
Nov. 24 and 25—Thanksgiving holidays.

Dec. 22—School closes for Christmas holidays.

Jan. 2—School opens after Christmas holidays.

Jan. 19-20—First semester examinations.

Jan. 23—Second semester begins.

Feb. 22—Washington's Birthday, holiday.

May 11—Yoe Day, holiday.

May 24, 25 and 26—Final examinations.

May 26—Graduation Exercises, Ada Henderson School.

May 28—Baccalaureate Sermon.

May 29—Graduation Exercises, high school.

Special teachers of music and expression were re-elected as follows: Music, Robert Smith, Mrs. Daisy Sprott, Mrs. J. L. Clinton, Francis Cox; dramatics, expression and public speaking, Miss Dorothy Blaylock.

The school cafeteria will again be in charge of Mrs. M. Mohler and will be operated on a self sustaining basis without cost to the schools.

Due to the fact that the kindergarten was discontinued as a part of the economy program it was decided to admit pupils to the first grade who will be six years of age on or before October 1, 1932.

The budget for 1932-33 was adopted, providing for \$49,446.00 for the total current expenses of the 1932-33 session. The total current expenditure of the session of 1929-30 was \$67,265.75 which means a reduction of \$17,799.74 or approximately 26 per cent has been made in the past three years. It is believed that the agreement of the City Council to give a 10 per cent reduction on current taxes paid prior to September 17 together with the remission of penalties on delinquent taxes paid prior to November 20 will be of material assistance in bringing the schools out of their financial difficulties.

Debtors amount to approximately \$13,000.00 and the collection of even half this amount would mean that the schools would close the new fiscal year free of debt.

Teachers vouchers for the last three months of the 1931-32 session are unpaid with money in sight from the balance of the state per capita apportionment to take care of approximately one-third the amount due.

#### Rev. Brooks McLane Is Promoted In Service At Tex-Mex College

The many friends of Rev. S. Brooks McLane will be interested in hearing of the recent promotion he has received, that of the election of Acting President of Tex-Mex school near Kingsville, which is a Presbyterian school.

Mr. McLane is the son of Mr. and Mrs. John B. McLane of Cameron; is a native son of Cameron who left here to take up work with the school in 1914 as an instructor and helper and has been connected with the institution ever since.

Dr. J. W. Skinner, first president of the school, died last year and Mr. McLane is taking his place. During the past months Mr. McLane has carried a large share of the heavy responsibility of Tex-Mex which is an Industrial Institution for Mexican boys where religious training is the leading feature.

#### MISS LILLA BASSETT IS BURIED AT BRENHAM

Miss Lilla Bassett, for many years a kindergarten teacher in Dallas schools, died Sunday, August 21 in a hospital in Dallas. Miss Bassett was a sister of Mrs. John Watson of Cameron and had made frequent visits here to her sister.

She was the youngest child of Major B. H. Bassett and Mrs. Mary Burnett Bassett. Major Bassett was a prominent attorney of Brenham for a number of years, subsequently moving to Dallas where he was a member of the law firm of Bassett, Seay and Muse.

Funeral services were held Monday afternoon at four o'clock at the residence of her sister, Mrs. Howard P. May of Dallas. The body was taken to Brenham and laid to rest Monday at four o'clock. She was a member of the Presbyterian church.

She is survived by four sisters, Mrs. John Watson of Cameron, Mrs. Howard P. May, Mrs. E. B. Muse of Dallas and Mrs. R. I. McCalla of New York and one brother, L. W. Bassett of Dallas and a number of nieces and nephews. Among them to attend from Cameron were Bassett Watson, John Watson Jr., and sister, Mrs. Donald G. Kilgore of Dallas, Mr. and Mrs. Giles Avriett and son, Giles Jr.

#### 1261 BALES NEW CROP COTTON RECEIVED IN CITY; PRICE \$8.25

Up to Wednesday night 1261 bales of 1932 cotton had been received at the wharves of the Cameron Company.

The spot price in Cameron Thursday at noon was \$8.25, the highest in many months and while the movement has not begun in volume business is feeling the optimistic trend of marketing.

It is estimated that the county will not produce a full crop this year. Estimates place the yield at around 45,000 bales.

#### Green Bros. Celebrate 33 Years In Business With Sale At Store

Thirty-three years in business in Cameron is the occasion this week for a celebration sale at the Green Brothers store in this city. Low prices and many items are included in this sale.

Of special interest is the advertisement appearing in this issue of Aladdin Lamps and parts now being stocked by Green Brothers.

This pioneer store has served the people for more than three decades and merchandise is selling at prices lower than have been quoted in many years. C. N. Green looks back with interesting reflection upon the developments and his experiences and friendships with the people.

#### Reed Rogers Wins Cup At Central Golf Tournament Marlin

At the Central Texas Golf Tournament held at Marlin, Sunday, August 21, Reed Rogers of Cameron, won the silver cup with low gross of 38, 37-75. In 1929 Rogers won this same cup with lowest gross that year. Making low gross three years successively, wins the cup permanent.

Rogers has a fine collection of cups and tournament trophies won by him, and is well known over the state for his fine left-hand playing. He received last week an invitation to attend and participate in the Left Handed National Golf Tournament in White Sulphur Springs, West Virginia, which will be held from September 5 to 10th.

A golf tournament will be held on the Cameron greens Sunday, August 28, beginning at one o'clock, for local players.

#### Judge Douglas of Houston To Speak For Ferguson; Run-Off Candidates Speak

Plans were completed Wednesday for the Ferguson Rally to be held in Cameron Friday night, August 26th beginning at 8:30 o'clock.

Judge John O. Douglas of Houston will deliver the principal address in behalf of the candidacy of Mrs. Miriam A. Ferguson for Governor.

The rally will be held on the court house lawn and will be preceded by a concert by the Pioneer Band of Cameron.

Additional interest is made possible by invitations sent to candidates for Sheriff and Representative from the 65th District to address the crowd for a few minutes.

W. A. Morrison Jr., will preside and introduce the speakers. A large number of invitations have been extended prominent Democrats and Ferguson leaders to occupy places on the platform.

The committee in charge of arrangements for the rally have issued a special invitation to women voters to attend the rally. Judge Douglas has been actively campaigning over the state for Mrs. Ferguson and is an able and informed speaker who will discuss the issues of the campaign.

Interest in the governor's race has been intense as a result of activity on the part of both Ferguson and Sterling supporters. A Sterling rally was held Friday night of last week at which time Mrs. Sterling and Sam McCorkle, district attorney from Mexia, addressed the voters.

In the first primary Mrs. Ferguson was given a majority over all candidates for governor in Milam county. It was pointed out that in the election to be held on next Saturday Mrs. Ferguson was assured a substantial majority over Sterling in the county.

The rally Friday night has been widely advertised and many voters from adjoining counties are expected to attend.

#### Correction Is Made In Theatre Program

A correction has been asked by Stanley H. Swift of the Milam Theatre in the program for the coming week. In the display ad the picture "Nice Women" appears for Wednesday and Thursday of next week. Instead the picture will be "The Doomed Battalion."

This picture brings an entirely new slant upon war and is something new in war pictures, a dramatic as well as a magnificent picture filmed in the Tyrolean Alps on the border between Italy and Austria. Tala Birell takes a leading part in this picture supported by a brilliant cast.

For Sunday, Monday and Tuesday "What Price Hollywood" is the program featuring Constance Bennett, always popular star with Cameron theatre goers. Lowell Sherman and Neil Hamilton also appear in this picture. The coming month will see many great productions in the program at the Milam.

#### Ex-Officio Salaries Are Eliminated Here In County Budget

All ex-officio salaries of county officers receiving same, have been eliminated in the budget which is to be adopted on September 7.

One exception was made in the offices. The salary of the County Judge remains the same following a reduction made on January 1. It was pointed out that the ex-officio salary received by the county judge constitutes a major part of his pay.

The highest ex-officio salary paid is \$600 each year. Offices affected are: Sheriff, County Clerk, District Attorney. The elimination of these amounts will work a hardship on the offices affected and expressions have been heard encouraging their restoration.

Under present conditions public officers whose pay is affected by the elimination of the ex-officio salary, are finding it hard to earn living pay.

#### Taylor Attorney Will Practice In Cameron

M. E. Lathan of Taylor, lawyer, with his wife and small son, have moved to Cameron to make their home. Mr. Lathan attended Texas University a number of years. He will practice law in Cameron and is now located in one of the offices in the building with W. G. Gillis.

Mrs. Clifton Jenness was hostess to the contract bridge club Friday morning at her apartments.

#### NEWTON EVANS BURIED IN OAK HILL CEMETERY

The remains of Newton Evans, age 66 years, arrived in Cameron overland from Eastland, Thursday morning and were taken to the home of Mr. and Mrs. John Sapp where they remained until that afternoon, when they were taken to Oak Hill cemetery and were laid to rest by the side of his late wife who died a number of years ago. The Woodmen took charge of the remains at the cemetery. Rev. N. D. Timmerman of the Baptist church pronounced the religious benediction.

Deceased had been deaf for a number of years and was returning from fishing when he was hit by a passenger train and killed Monday morning, August 15, and was buried the following Thursday afternoon at 2:30 o'clock.

Deceased came to Cameron in the spring of 1918 and lived here for a short time and for the past twelve years had made his home in Eastland with his daughter, Mrs. S. H. Harris.

He is survived by four daughters, Mrs. Dave Reed of Los Angeles, California; Mrs. S. H. Harris of Eastland; Mrs. E. B. Jones of Dallas; Mrs. John Carsey of Dallas; two sons, Newton Evans of San Antonio and John Evans of Kansas City, Mo.

Pall bearers were Robert McLane, Judge Jeff T. Kemp, August and O. B. Horstmann, T. A. Howell and Ed Adams.

#### CAMERON PEOPLE HAVE PRIVILEGE TO SHARE IN PICTURE AWARDS

Rewards totaling \$6000 for solving the mystery of the "Phantom of Crestwood" will be shared in by Cameron people according to Stanley H. Swift of the Milam Theatre. You can be the detective in this gripping mystery.

Write your own ending to this gripping drama and win one of the prizes. This picture will be shown in leading theatres everywhere starting about the middle of October. The Cameron date will be announced later. A nation wide broadcast begins again on September 6 over radio.

Mr. Swift is anxious for Cameron entries in the contest and will issue tracts giving the plan in detail.

#### J. T. Turner Dies From Injuries Received In Oil Field Tuesday

The remains of J. T. Turner, age 58 years, were shipped Wednesday morning to Houston for interment. Deceased was an oil driller for Huff and Koch, and was working in the oil field near Rockdale when he was caught under some machinery, crushing his skull. He was brought to the Cameron hospital for surgical aid and died that afternoon at 1:30 o'clock. Funeral was held Thursday in Houston. Wife of deceased was ill in a hospital in Houston at the time of accident.

The depression has lasted nearly three years and during this period the world's consumption of cotton of all growths was about seventy million bales against approximately 77 million bales the three preceding years of good times.

This situation has produced a minimum stock of cotton goods in all the important consuming countries of the world, and with even a moderate demand.

The depression has lasted nearly three years and during this period the world's consumption of cotton of all growths was about seventy million bales against approximately 77 million bales the three preceding years of good times.

#### Al White Manages New St. Louis Store; To Open New York Store Here

Al White of Georgetown, well known Central Texas merchandiser and business man, has arrived in Cameron and will be the new manager at the New St. Louis Store.

Mr. White is to open on Saturday The New York Store in the building adjoining the St. Louis Store. This store advertises this week for its opening a sensational sale of merchandise with prices lower than for a half century.

Mr. White was completing arrangement of the store Thursday and Friday will see it in shape for the opening on Saturday.

#### HEAVY VOTE SCHEDULED IN PRIMARY ELECTION SATURDAY AUGUST 27

A heavy vote was forecast on the eve of the run off primary election to be held on Saturday, August 27.

It was not expected that the vote would be as heavy as in the first primary due to the passage of local interest, although a run off occurs in the race for sheriff between L. L. Blaylock and R. L. Batte Jr., of Thorndale and between Jesse James of Thorndale and Henry B. Krennek of Lincoln in Lee county, for representative from the 65th District. There will also be a run off between Clyde Moore of Davilla and E. G. Stiles of Thorndale for Commissioner in Precinct 4.

#### No Illegal Voting

Although it has been intimated that illegal votes were cast in 132 counties in Texas, analysis of the vote in Milam county shows that the poll was normal, based upon the calculation for overs and unders. The basis for estimating this vote is 15 per cent of the paid list. There were over 800 votes cast more than poll taxes paid. This overplus would indicate only a normal vote if overs and unders voted and indications are that local interest brought them in unprecedented numbers to the polls.

There were more than 300 votes cast in the race for Sheriff than in the race for Governor in the first primary in Milam county.

Few Absentees  
At the office of Homer Nabours, county clerk, up to Wednesday afternoon only 52 absentee votes had been cast while in the first primary 132 were cast. Many of the absentee voters have returned to their homes, but the absentee vote will not be as large in the run off.

#### First Primary Vote

The vote for Governor in Milam county on July 23 was as follows:

Ferguson	3076
Hunter	1575
Sterling	1146

The vote for Representative for the 65th District cast in the county on July 23 was as follows:

James	2879
Elliott	800
Fisher	638
Krennek	526

The vote cast for Sheriff in the July 23rd primary was as follows:

Blaylock	2968
Batte	1851
Smith	1419

Reports received from many sections of the county show that while the vote on next Saturday will be less than in the first primary, the poll will be heavy. Estimates say the vote will range from 5800 to 6000. More than 6200 votes were cast in the first primary.

Returns from the 49 precincts in Milam county will be received at the court house and announced Saturday night. Election managers have been requested to phone in their returns as soon as the count is completed.

#### Kreismann's Store Is Moved To New Location

The Kreismann Dry Goods Store has been moved from the Dr. Taylor building to the Gohmert building formerly occupied by the J. D. Dobbins Dry Goods store in the same block.

Work of rearranging the stock has been completed. Mr. Kreismann is in the East buying merchandise for the fall trade in Cameron and expects to be back within a short time and will have an important announcement to make to the buyers of this section.

Since the above was put into type Mr. Kreismann has returned to Cameron. He visited the markets in New York and St. Louis and has already received a part of the merchandise bought on his trip.

Edwin Day is now keeping books at the Batte Gin in Rogers. Edwin has been a student at Southwestern University the past three years.

#### DANCE AT BURLINGTON

Of interest to dance goers is the announcement of a dance at Burlington Hall on Saturday night, August 27. The Vagabonds from Taylor will play. This is their first appearance at Burlington. A big crowd is expected.

## Big Prizes Sought

Old Man Depression is being chased  
out of every town, village and  
hamlet by thrifty women who are  
filling glass jars with fruits, vege-  
tables, jellies, jams and pickles for  
next winter's use.

They say that every cloud has a  
silver lining, but this particular de-  
pression cloud has a gold lining for  
over two thousand lucky women, who  
are doing home canning and sending  
samples of their wares to the Inter-  
national Canning Contest, at Aurora,  
Illinois.

To arouse greater interest in the  
thrift movement to conserve all  
available food supplies, Ball Brothers  
of Muncie, Indiana, are offering  
more than \$5,000.00 in cash and prizes  
to the winners in this Contest. Any-  
one is eligible to enter. There are  
prizes for everything that can  
possibly be put into glass jars for  
future use. There are prizes for  
canned chicken, fruit, vegetables, jel-  
lies, jams and yes even pickled eggs.  
There are two wonderful scholarships  
for 4-H Club Girls—one a \$300.00  
Scholarship, the other a \$100.00.

In addition to cash prizes there  
are worth while merchandise prizes  
such as a complete outfit of clothing.

over-night bags and electrical ap-  
pliances.

This is the "canningest" year in  
history. Thousands of women and  
girls, many of them who have never  
canned anything before, are now tak-  
ing advantage of the plentiful supply  
of fresh foods at reasonable prices,  
and the low price of sugar, and are  
canning, canning, canning. Perhaps  
some long past ancestral hunch is  
reminding them that this winter may  
be a hard one and they'd better be  
about the business of laying in a  
good supply of foods. Anyway, ev-  
erything from soup to dessert is be-  
ing canned. This is very evident from  
the jars that are being received now  
at Aurora.

"This Contest," says Grace Viall  
Gray, Secretary, "is held for many  
reasons. Of course the first purpose  
is to find the best canners in the U.  
S. and foreign countries. The con-  
test is to the women what the Inter-  
national Live Stock Show has been  
for years to the man. He has put  
his cattle up in competition against  
other men's cattle, so now the woman  
has a similar opportunity. She is  
putting up the work of her hands  
against other homemakers. There is  
friendly competition but it is a very  
strenuous competition too.

Everyone who enters the Contest  
of course wants to be declared "The  
Grand Champion Canner of 1932" by  
24 outstanding judges and thus re-  
ceive the cash and glory that goes  
with this honor.

The great interest is centered on  
the county prizes—the first of which  
is \$500.00 in cash and a trophy. This  
goes to the county sending in the  
largest number of entries.

Through the Contest we try to  
teach the value of thrift by conserv-  
ing home canned products, and after  
the Contest is over, the jars are dis-  
tributed to charity. So we feel the  
Contest is all worth while, since it  
encourages more home canning, it  
offers friendly competition in this  
fine household act, it awards over  
\$5,000. in cash and prizes to success-  
ful ones and it finally feeds the sick,  
the blind and the aged."

There is no entry fee and no red  
tape to enter this Contest. Each  
contestant receives one free Perfect  
Mason Jar together with necessary  
entry material.

Full details of the Contest may be  
secured from the offices of County  
Extension Agents, Home Demon-  
stration Agents, State Club Leaders or  
by writing direct to the Log Cabin,  
Aurora, Illinois.

## SENATOR SMALL ON STERLING

The following expressions are taken from the famous let-  
ter of Senator Small, that has been distributed throughout  
Texas.

"Unfortunately Sterling is not captain of his own boat, and  
if he gets his orders to run, he will be in the race with plenty  
of money for the campaign regardless of the fact that he is  
broke world without end. Big business will be for him. They  
know they are safe with him. As for the oil companies, it  
will be rank ingratitude for them not to support him. He has  
always signed on the line fixed for his signature, and they  
would be very foolish to experiment on someone else at this  
time."

"I think he will run, or rather I think they will run him. I  
think I could get a good vote against Sterling, and it might  
be possible to beat him provided I had a good campaign  
fund."

It will be seen from this letter that Senator Small thought  
the favor and the money to be furnished by the oil compan-  
ies for the campaign was necessary and the only thing neces-  
sary to insure the election of any candidate for Governor.  
This idea should not prevail. The Texas people cannot main-  
tain their greatness if they permit the big oil companies with  
the use of money to select the Governor.

Texas is woefully in need of men of the calibre and ability  
of Senator Small, and it is unfortunate that he permitted  
the oil companies and their money to influence him. Too  
many of our lawyers and public men are allured by the glit-  
ter of corporate gold.

## A BANKER WAS SLAIN; FORMER CONVICT GETS PARDON TO WORK FOR STERLING BECAUSE HE IS "GOOD ORGANIZER"

Ben C. Richards, Jr., convicted forger, but considered a powerful political organizer, has been pardoned by Governor Sterling so that he might be available for use in the present campaign, correspondence reveals.

The facts became known when Richards was forced to resign as an election judge in Fort Worth, a place to which he had been appointed, following his pardon and subsequent work for Sterling.

Four years ago an election bet was posted in a Dallas bank. When the winner asked for the money, it had been taken from the bank, later shown to be on a forged check. The outraged winner killed a banker, and Ben C. Richards, Jr., was sent to prison for forgery, served a few

months, was furloughed, then given a general parole, later to be fully pardoned.

Ernest Alexander, Sterling's campaign manager, secured the pardon, as the following correspondence shows:

Alexander wrote May 15, 1932: Dear Governor:

Just a word to let you know that Ben C. Richards has been working for me since the 15th of April selling stock. I am glad to report that he is surely making good; in fact, he is leading my entire sales force as to number of shares sold and the amount of cash receipts.

I am selling the good people of Ft. Worth \$100,000 worth of preferred stock in my stores bearing 7 per cent interest. It is gratifying to me to see this young man leading sales force.

Respectfully yours,

(Signed): ERNEST ALEXANDER

And Governor Sterling's secretary replied May 19, 1932:

Honorable Ernest Alexander, Alexander-Bale Stores, Fort Worth, Texas.

Dear Mr. Alexander:

This is to notify you that Governor Sterling has granted a general parole to Ben C. Richards. Please notify him. Copy of proclamation will be mailed in a few days.

With regards I am,

Very truly yours,

PAT DAUGHERTY, Secretary.

Alexander writes Governor's private secretary on August 14, 1931: "Dear Paul:

"I have just finished a letter to Pat Daugherty with a suggested proclamation of Ben Richard's pardon, the copies of which are enclosed.

"For your information, while Bill McCraw was talking to the Governor, McCraw told Sterling that Ben Richards was the best political organizer in Dallas County, and that being true that he could be used to advantage in next year's campaign.

"I know that it is wise, with those plans in view, to so word this proclamation as to reflect on Richards

that we might use him to our better advantage.

"Of course I am not familiar with the writing of proclamations, but you are. I want you to see to it that this proclamation is a masterpiece.

"This fellow Richards is the fastest worker that I have ever been around.

"Give this your undivided attention and thought, because we are the ones who will profit in the long run.

"Again assuring you of my appreciation of your friendship and good will, I am

"Sincerely your friend,

"ERNEST ALEXANDER.

"P. S.—Please have this proclamation dated as of August 12, 1931, as that is the day that McCraw and I talked with the governor."

And Paul Wakefield replies August 18, 1931:

"My Dear Ernest:

"Thanks for your letter of August 14th with reference to the Ben Richards' pardon. I discussed the matter with Pat and he is in turn presenting it today to the governor.

"I will be happy to do what I can to assist you as I know you believe in Richards to the extent that you are trusting him in your business.

"With kindest regards and best wishes, I am,

"Cordially yours,

"PAUL D. WAKEFIELD."

Sterling Signs Pardon—Alex's

Masterpiece

The following is the proclamation of the Governor as contained in the position:

"PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS

"To All Whom These Presents Shall Come: No. 21546.

"Whereas, Ben C. Richards Jr., No. 64,202 was convicted in the District Court of Dallas County, Texas, in June, 1930, of forgery and sentenced to three (2 to 3) years in the state penitentiary; and

"Whereas, an application for clemency has been filed. Richards has served more than eight months of this prison term, during which time he gained nearly seven months' overtime. At this time he has more than 18 months' credit on his prison term. . . .

"I am now requested to grant a full pardon to Richards and am reliably informed that he is now engaged in the insurance business and is so conducting himself that many reputable citizens of Dallas have urged that I restore to him his full citizenship rights in order that he may continue his present business relations and once more become a useful citizen;

"Now, therefore, I, R. S. Sterling Governor of the State of Texas, . . . do hereby grant unto the said Ben C. Richards, Jr., a

"FULL PARDON

and restoring of citizenship, giving him the right to testify in any and all courts and the full rights of suffrage.

"In Testimony . . . the 14th day of August, A. D. 1931.

"R. S. STERLING

(Seal) "Governor of Texas."

Note—Keep the facts in mind. Richards was pardoned by Sterling with the specific understanding that he would be used in the campaign. He was used. Fraud was immediately certain. He was forced to resign, and a recount of the votes will be had. And that is Sterlingism.

## UNEQUAL REGULATION IN TRANSPORTATION CAUSES DISORDER AND CONFUSION

● The instability, confusion and disorder which unrestrained truck transportation has brought about is responsible in large measure for much of the distress in which all business finds itself today. Texas has moved to find a remedy and all concerned in the welfare of this state and its institutions should cooperate in the effort to restore stability and order to our transportation systems.

The Texas Railroads, in these advertisements, have endeavored to place before the people of this state some of the reasons why the existing laws, regulating motor transportation, should be upheld and enforced.

1. The railroads are necessary for the successful marketing of the enormous production of this state, which is used and consumed in every other state in the union.

Uniform, published, non-discriminatory transportation service rates are essential to the orderly conduct and welfare of business.

Unregulated truck transportation inevitably results in discriminatory charges and practices, rebating, unfair and unbusinesslike competitive methods, bringing about losses and commercial insecurity.

The wholesaler, jobber, retailer and local merchant suffer from the unfair competition of truckers and peddlers who, for the most part, are non-residents, pay no taxes and contribute nothing to the community welfare.

The farmer and agricultural producer must have at his command facilities adequate to transport crops and produce which move long distances in large volume, at low cost, by rail.

2. The railroads build and maintain their own roadways, pay heavy taxes for the support of state and municipal governments and institutions, and expend millions of dollars for payrolls, materials and supplies. Railroad workers are substantial citizens, home owners, and valued members of their communities.

3. Rail transportation is the most efficient and economical in existence for the movement of traffic in volume by land.

4. Texas highways belong to the people and are built and maintained at heavy cost. Their use for commercial purposes is a privilege, not a right. They should be kept safe for general use and not prematurely destroyed by heavy trucks.

5. The stability, security and orderly conduct of business require reasonable control and regulation of all transportation agencies.

Mrs. Bascom says this call was worth \$1,000

Mrs. Clyde Bascom left her dinner cooking while she weeded the garden. Just as she re-entered the kitchen, the kerosene stove exploded.

Her first move . . . the telephone.

"Central! My house is on fire!"

And Lucy Adams, at the switchboard, did the rest. "Too far out for city water," she reasoned. Then, quickly, she called a half dozen men who had cars. They sped to the scene. Water from a cistern saved the Bascom home.

Next day, the operator again "plugged in." It was Mrs. Bascom.

"Lucy, you sure got help out here in a hurry. That call was worth \$1,000 to me. Don't know what I'd have done if the house had burned . . ."

Day or night the telephone is ready for your calls. It may be an order at the store . . . a call for the doctor . . . your house on fire . . . or, just to visit with neighbors.

Your telephone may be worth a nickel today . . . a quarter tomorrow . . . a thousand dollars next week. You can buy few things which cost so little and are worth so much.

## SCHOOL HELPS PREVENT CRIME

The difference between destroying the neighbor's flowers, by a child at the age of four and robbing a gas station at twenty is only a matter of degree. While Mr. Wickersham is looking for the basic causes of increasing crime, he would do well to observe the general breakdown of parental authority in the American home. This breakdown is typified by two types of mothers—the pathetic and the futile. The pathetic mother is too frail or too cowardly to make her little children obey her commands; she wears herself out attempting to live with her own offspring who have never recognized authority in her.

God pity the child who has not learned the meaning of "No" before his third birthday. His life will not be safe, he will be dangerous to property, and he will jeopardize the rights of others. He has already spent three years of elementary training in crime. Happiness is not for him, nor for those who love him, for they will have to spend anxious hours protecting him and protecting other persons from him.

If such a child learns the meaning of "No" in later life, it can only be at a tremendous cost. A court of justice and a penal institution may be required to give him lessons with his life. Meanwhile many other people will have suffered from his failure to comprehend the vital importance of this one monosyllable.

Once the child has learned the meaning of "No" he should hear it very rarely. Each day I grow in my conviction that every child should learn very early that there are some things he must not have and some things he must not do; that fundamental inhibitions are acquired most easily before the child is three years old; and that the most practical and common sense means of teaching these basic lessons is the good old fashioned spank.

The public schools are anxious to work with the home to help build a better citizenship. Too many of the school children of today will be convicts of tomorrow if we do not see to it that our educational system is kept up to standard. The home and school must work together for the welfare of the future citizens, but the state has a part by furnishing means with which the work can be done.—Extract from article by Garry Cleveland Myers, Western Reserve University, Cleveland, Ohio.

## ED MORTON, NEGRO, IS DEAD FROM KNIFING; TWO GIRLS ARE HELD

Ed Morton, 42, negro, was found dead about 9:30 p. m. Friday, August 19 on the street west of the old grammar school building. Death had resulted from knife wounds inflicted a short time previous to finding of the body by officers.

Saturday morning Pearl and Corinne Hyder, negroes, aged 15 and 14 years, were placed in jail by Sheriff Blaylock, following investigation of the killing. Both have been charged as juveniles committing murder.

In a statement made to Criminal District Attorney, Jack Lewis, Pearl Hyder detailed the killing, confessing that she had cut Morton with a knife and her sister, Corinne, had beat the man with a brick. Corinne Hyder also made a statement substantiating the confession made by her sister, admitting her part in the killing.

The fight occurred in a vacant house near the spot where the negro's body was found. The confession says that the girls had planned to attack Morton for treatment which they resented and which had been in progress for more than a year. The knife, according to the confession was obtained at the Morton home where two days prior to the killing they had gone to get some sausage on invitation of Morton.

On the night of the killing the parties went to the court house lawn where a political rally was in progress. On the way home they stopped and entered the vacant house where the cutting occurred. Pearl Hyder confessed that after the attack had been made on Morton inside the house, that she broke the knife when she stabbed him the last time outside the building. The knife was recovered together with a blood stained handkerchief near the scene of the killing. An ice pick was also found inside the house.

Ed Morton was a well known local negro, having been employed by local citizens for a number of years.

## TOM JONES NEGRO, IS CHARGED IN CUTTING SPREE SATURDAY NIGHT

Tom Jones, negro, was being sought to face charges of assault with intent to murder, following an attack with a knife on seven people Saturday night at a negro festival on the Rice Farm south of the city.

Charges have been filed against Jones by the sheriff's office, according to Deputy Will Vaughn who said the negro is still at large. Jones served a sentence in prison for violation of the Texas liquor laws.

According to the story of those witnessing the cutting, Jones is said to have run amuck with a knife after he had been knocked down by Sam Thomas, another negro. The wounded are:

Tom McGoldrick, white, badly beaten and cut about the face and shoulder, treated at Cameron hospital and now recovering at his home here; Carroll Adams, white, 12, cut in the mouth and throat; Henry Carver, white, Rockdale, arm cuts; Sam Thomas, negro, cut; Ella Woodley, negro woman, cut; two unidentified negroes badly cut, one of whom was said to have been given treatment at Buckholts by Dr. Everett. In all seven people were slashed with the knife.

According to Deputy Sheriff Will Vaughn, Jones and Thomas engaged in a fight and Thomas knocked Jones down with a rock and he remained unconscious for a time. When he had recovered he ran amuck, slashing all with whom he came in contact.

According to other witnesses, Carroll Adams, made an effort to stop the trouble and later McGoldrick tried to assist and was badly cut. He was said to have been dragged to a tank nearby and there was found later. He was brought to Cameron and treated.

Every effort was being made by the Sheriff's office to apprehend Jones who fled the scene of the fighting and has not since been seen.

### COTTON

(continued from page 1)

Improvement in business conditions it is logical to expect a gradual increase in the consumption of cotton.

In the United States the July consumption of 278,000 bales, no doubt marked the end of a long downward trend in the consumption in the country that will last for several years.

#### Market

Taking the nation as a whole, there is at last actual evidence of some improvement in business and if the Government crop estimate turns out to be correct, the cotton market is resting on a sound foundation.

The spinners and cotton trade are buying contracts in the future market on all good breaks and any declines in the market between now and the next Government report on September 8, should be of temporary nature.

Mesdames Buck Bonds and T. Copus are in Dallas on business.

# Boy Scout News

Troop 32, B. L. Archer, Scoutmaster. The boys of Troop 32 held their regular weekly meeting in the Scout hall Friday night at 7:30 o'clock. A series of meetings was planned to start next Friday with the Beaver patrol in charge with Vernon Bain as its leader. This plan was used last year with much success, so it was decided to repeat it. Scouts, be loyal and come to these weekly meetings.

Troop 53 J. W. Haygood, Scoutmaster. Due to the political speaking Fri-

day night and the band playing, we did not have our regular meeting. However, I want each Scout to be present at the next meeting as we have some important matters to discuss, besides planning our fall and winter program. I want each Scout who has not learned some rank in Scouting or some merit badge, to be sure to do this before school starts.

Troop 52, J. A. Lindle, Scoutmaster. Troop 52 held their regular meeting with an attendance of 15 registered

Scouts and the Scoutmaster present. The meeting was opened with Scout songs led by Life Scout George Matocha, and the feature of the evening was given over to Tenderfoot work led by Life Scout C. W. Gjerdle. The progressive story was led by Life Scout George Matocha. We are very glad to welcome a new member into our ranks, Edward Schiller. Edward says he is glad to be with us and we are not going to disappoint him. We are going to make him like Scouting.

Don't forget the meeting Friday night. It's going to be a thriller, around a model camp fire, and some one is going to win a prize.

## METHODIST CHURCH

"Lord, for tomorrow and its needs I do not pray; Keep me, my God, from stain of sin just for today. Help me to labor earnestly and duly pray; Let me be kind in word and deed Father, today."

What we are doing today determines what we are to be tomorrow. Let us make up our minds to do some kindness today. This will be the last Sunday the present pastor will have full charge. Brother Lehmburg will be back on the first of September to take charge and to preach one sermon each Sunday.

The topic for Sunday morning will be "God, Mans Source of Power." Evening service: "A Busy Young Man." Every young man that has succeeded has always been busy at something constructive. The young men are urged to attend this service.

## Take a Pinch of BLACK-DRAUGHT For Distress After Meals

He had suffered distress after meals, but by taking Thedford's Black-Draught he was relieved of this trouble, writes Mr. Jess Higgins, of Dawsonville, Ga.

"I had sour stomach and gas," Mr. Higgins explains, "and often I would have bilious spells. I read about Thedford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

## FIRST-AID in summer upsets...

In spite of your exacting care about your baby's food in hot weather, little upsets are bound to come.

Doctors say the surest safeguard against summer upsets is to keep your baby's bowels in good working order. Then infection-breeding wastes cannot accumulate.

There's nothing like Castoria to get the bowels to work promptly. . . . Castoria, the time-tested regulator specially made for the needs of babies and children.

Castoria is perfectly harmless, you know. It contains no harsh drugs, no narcotics of any kind. It is just a pure vegetable preparation which acts gently, yet effectively.

A first-aid dose of Castoria has kept many a little ailment from becoming a serious one. Be sure you get real Castoria; it always bears the name, Chas. H. Fletcher, on the package. Castoria now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.

## HOOVER SURRENDERS TO BOOTLEGGERS DECLARES BISHOP JAMES CANNON

Geneva, Aug. 17.—Bishop James Cannon Jr., who helped swing Southern states for President Hoover in 1928, declared Wednesday that in his acceptance speech, the President surrenders to the speakasies, bootleggers and nefarious of the constitution without ever asking Congress to furnish the Government sufficient money and men to secure average enforcement of the prohibition law.

The bishop asserted that advocates of Federal prohibition, who believe prohibition to be the outstanding economic, social and moral issue of the present campaign can not logically support either Hoover or Roosevelt and doubtless hundreds of thousands will refuse to vote for either, which may cost Hoover the electoral votes of several states.

The President's proposal to permit States to legalize manufacture and sale of intoxicants, under a guarantee that the Federal Government would prevent the return of the saloon, was described by the bishop as indefinite, illogical and impracticable.

"Until Hoover specifically formulates the provision whereby he proposes to prevent the return of the saloon, his proposal is simply an indefinite and glittering generality," Bishop Cannon said.

## Mrs. Maggie Bess, 97 Dies At Pleasant Hill

Mrs. Maggie Bess, age 97, died Sunday at the home of her nephew, Emil Miller, in the Pleasant Hill community and was buried there Monday afternoon.

Mrs. Bess was possibly the oldest woman in this section of the state. She was the widow of a Confederate veteran, who was also a veteran of the Mexican war.

Mrs. Bess had been a resident of the Pleasant Hill community for 43 years. She was a sister of Mrs. Amanda Miller, widow of the late J. L. (Lush) Miller, and had made her home in the old Miller homestead since the death of her husband 43 years ago. About 11 months ago Mrs. Bess suffered a fall, re-

sulting in a broken hip. Since that time she had been confined to her bed, paralysis later following.

The funeral services were conducted by Rev. W. A. Craven, pastor of the Rockdale Methodist church.—The Rockdale Reporter.

# 65 Varieties of Fergusonism

1. Present 9-54 Hour Law for Women Workers.
2. Compulsory School Law.
3. Free Text Book Law.
4. Regulations of Employment Agencies.
5. Semi-monthly Pay Day Law.
6. Fire Escape Law.
7. Mine Bath House Law.
8. Regulatory Loan Shark Law.
9. Mechanics Lien Law.
10. Present Child Labor Law.
11. Workmen's Compensation Law as amended in 1917.
12. First Rural School Aid Appropriation of \$1,000,000.00.
13. Placing State Owned Railroad under brotherhood management and wage scale.
14. In 1916 advocated State Highway Law; fought for same in State Convention and signed bill creating State Highway System.
15. By liberal pardon policy to deserving convicts and business-like methods in 1917 left a million dollars in cash to the credit of the Penitentiary Board, thousands of bushels of corn and other supplies all paid for, and the penitentiary farms of 70,000 acres left fully equipped with hundreds of teams and tools.
16. During Mrs. Ferguson's administration in 1925 and 1926, notwithstanding droughts and floods carried on the penitentiary system with only \$100,000.00 appropriation; and in more recent years through the Forum and in connection with the Legislature, successfully fought and prevented the sale and removal of the penitentiary system, which was an attempted gigantic waste, fostered by the Moody and Sterling faction.
17. By prompt action and co-operation with the Federal Government in fighting the foot and mouth disease in Texas, prevented a quarantine against the entire State on the products of the farm and ranch, as well as all commercial activities.
18. Advocated and helped to increase the pension for Confederate soldiers in 1925.
19. Took the insane from county jails and placed them in hospital, built during Ferguson's administration.
20. In co-operation with the war department named the personnel and put under way the military activities for Texas participation and preparedness in the World War, and organized the proud 36th Division and commissioned all of its officers.
21. Built new Blind Institute of Austin, removing the inmates from fire traps.
22. Built at Austin an Institute for the Feeble Minded.
23. Built large additions to asylums at Austin and San Antonio and contracted for the new Insane Asylum at Wichita Falls.
24. Built and founded for State teachers and colleges at Commerce, Alpine, Kingsville, Nacogdoches, doubled the capacity at Huntsville and made large additions to the colleges at San Marcos and Denton.
25. Built new Land Office at Austin to safely house the title papers of every land owner in the State.
26. Increased the buildings at A. & M. and put under way and provided for the establishment of West Texas A. & M. College, which eventually developed into Tech College at Lubbock and approved proper appropriations for University of Texas and other State Institutions. On all these building programs, the tax rate was kept at a low figure, and if you would deduct cost of the public buildings, erected by the Fergusons for the people of Texas from the general expenditure during those years, the State tax rate would have been less than four cents.
27. Through co-operation with local peace officers, lynchings were scarce; riots and insurrections unmentioned; special sessions few in number; and business undisturbed.
28. Establishing State Hospital for Crippled and Deformed Children at Galveston.
29. In co-operation with Federal Government inaugurated State Naval Militia.
30. Approved appropriation to eradicate foul brood in bees.
31. Approved emergency appropriation to erect temporary buildings West Texas State Normal at Canyon City to replace those destroyed by fire, and prevented uninterrupted term.
32. Enlarged at a cost of \$15,000.00 State Juvenile Training School, relieving crowded conditions.
33. Placed sheep scabbies under the provision of Livestock Sanitary Commission.

34. Provided for the establishment of free libraries by county commissioner's court.
35. Provided for the appointment of county auditors.
36. Created Juvenile Board for delinquent children and provided for appeals thereto and therefrom.
37. Created State Board of Public Accountancy.
38. Provided for taking over by the State, John Tarlton College; placing same under A. & M. as a Junior A. & M. College.
39. Approved \$100,000.00 emergency appropriation for the School of Mines, El Paso, to replace building destroyed by fire.
40. Approved the act obtaining Federal Aid for Texas State Highway, March 2, 1917.
41. Establishment of Grubbs Vocational School at Arlington, March 26, 1916.
42. Requiring Texas History to be taught in public schools.
43. Authorizing payment of mother's pension by county commissioner's court, March 29, 1917.
44. Approved act creating Bureau of Vital Statistics under Board of Health, March 19, 1917.
45. Authorizing county school trustees and trustees of independent districts, rights to acquire by condemnation lands for school purposes.
46. Establishment at Rusk, Insane Asylum for the negro race.
47. Strengthening the Banking Laws, affording better security to depositors. Under the Ferguson's administrations there were no losses to depositors.
48. Made the people secure in their homes against unconstitutional search and seizure.
49. Through the Forum and in cooperation with the Legislature, successfully fought the \$350,000,000 road bond issue, and by rousing the people, prevented the salary grab and increase of courts and judges.
50. The State tax rate in 1926 was 23 cents and the appropriations were lower by several millions than under Moody and Sterling, and in every Ferguson administration the State was kept on a cash basis. Every warrant that was issued by the State treasurer was good for its face value. A red-ink manufacturer never had a look-in, but said manufacturer is doing plenty of business today with the State.
51. Advocated a tax on oleomargarine for the protection of the dairymen and butter producers.
52. Approved \$70,000.00 appropriation for Rural Health and Sanitation to stamp out malaria, hookworm and typhoid fever, March 22, 1917.

56. Rebuilt quarantine stations for the ports of Sabine, Sabine Pass, Port Arthur, Port Neches, Beaumont and Orange, March 26, 1917.
57. Permitting defendants to remain on bail during trial in misdemeanor cases.
58. Provided for free kindergartens by trustees of any school district.
59. Providing for prevention of improper use or commercializing United States Flag, March 29, 1917.
60. Providing for treatment of hydrophobia of indigent persons at State expense.
61. Providing for an appeal in cancellation of any teacher's certificate.
62. Providing for standard grading, packing and marketing of fruits and vegetables.
63. Providing for eight hour day for patrolmen in cities of 50,000 or more population, April 2, 1917.
64. Providing for 15 days vacation for city firemen in cities of 30,000 or more, April 2, 1917.
65. Providing for fraternal organizations to erect and maintain accommodations for their members at State Tuberculosis Sanatorium, at Carlsbad, Texas.

There has not been a constructive government policy inaugurated in Texas within the last 18 years for the benefit of the masses of the people that the Fergusons have not had a hand in originating, shaping and enacting it into law.

## BIRTHDAY PARTY

Little Miss Dora Emma Duncum was honored on her tenth birthday, August 20, 1932, at the home of her grandparents with an afternoon party given by her aunt, Miss Nora Duncum. Those to assist Miss Nora were her mother and sister, Mrs. I. Duncum and Mrs. O. O. Duncum; and Mesdames V. Lesikar and A. Horstmann.

The colors of pink and white were carried throughout the spacious living and dining rooms. Pink roses and zennias were used in decorating.

An active one and one-half hours were spent in games, and contests in which Diana Luckett received the prize for pinning the Donkey's Tail. Neil Horstmann won the Cracker Eating contest; and Stone Garner made best time in placing the ball. The Booby Prize fell to Inez Slaughter for failure to thread the needle in the limited time.

Just before the interest in games was allowed to lag, the dining room was opened to the little friends and there they found a huge birthday cake in white bearing ten burning candles in pink rosebud holders, centered in the large white table around which were pink rosebud favors filled with mixed fruit candy. The cake was cut to yield fourteen emblems which caused much merriment, and the children were then served refreshments of pink ice cream and the birthday angel food.

Just before the hour of departure the little friends gathered around the honoree to blend their joy and good wishes as she opened her many pretty little birthday gifts.

Those whose presence made Dora Emma's tenth birthday a happy one were Diana Luckett, Inez Slaughter, Martha Francis, Brogdon, Lucille McDermott, Marjorie Orsag, Lyle McDermott, Neil Horstmann, David Wade, James Brock, Stone Garner, Ray Hubert Brashear, Raymond Lesikar and Frank Gelmer.

## THE FINAL THRUST

A merchant was told that he had but a few days to live. He summoned his attorney and instructed:

"Make my will so that my overdraft at the bank goes to my wife, she can explain it. My equity in my car to my son, he will have to go to work to keep up the payments. Give my good will to the supply houses, they took some awful chances on me and are entitled to something. My equipment you can give to the junk man, he has had his eye on it for several years. I want six of my creditors for pallbearers, they have carried me too long, they might as well finish the job."
